

Benefit for Brenda

In this world we have two types of people; people who need help and those that provide help. **Alex Dolinski** and **Brenda McCann** have always been the type of people that help others. In fact many of us became friends through their kind deeds. As it now turns out, Alex and Brenda need our help during a very challenging time. Brenda has been diagnosed with **HER 2+ positive cancer** which is a very aggressive form of cancer and requires extensive treatment over an extended period of time. We all know what cancer can do, but do you know what it can't do? It can't rob Brenda of making the most of every day: and it can't stop the love we share as friends and family. So with that we're planning on making the most of two special days in December and showing our love and support for Brenda and your invited!
